

Name _____

Writing Algebraic Expressions Worksheet

1. a number v increased by 6	2. 43 minus a number g
3. difference of 47 and a number u	4. quotient of a number t and 5
5. sum of 22 and a number f	6. 11 decreased by a number r
7. 4 less a number m	8. 38 less than a number q
9. take away 16 from a number j	10. 7 more than a number w
11. 35 divided into a number p	12. a number s multiplied by 26
13. subtract 45 from a number u	14. 48 divided into a number e
15. a number h plus 30	16. 34 more than a number v
17. a number z times 9	18. product of 18 and a number g
19. subtract 48 from a number e	20. add a number d to 14
21. product of a number x and 33	22. quotient of a number f and 27
23. a number r less than 29	24. a number b decreased by 20
25. take away a number y from 24	26. difference of 37 and a number k
27. 13 plus a number c	28. a number m increased by 25
29. 15 times a number t	30. sum of a number w and 42
